

Bunny

Egg Stand

Show off your favorite egg in this decorative character stand.

Materials:

8 ½" x 11" White Card Stock
Scissors
Tape
Tacky Glue
Cotton Ball

Step 1: Print

Load paper following printer instructions. (Handle paper by the edges to avoid fingerprints.) Print **Easter Egg Stand Template** using your ink-jet printer. (For best results, load only one sheet at a time.)

**Tips & Tricks:**

- To select the proper print settings in Adobe Acrobat click Print; in the print dialogue box select properties; choose the appropriate paper type; and then select the highest print quality.
- We recommend that you run a test print on regular paper to double-check the layout and design. (If problems occur, check your printer manual for additional printing instructions.)

Step 2: Cut

Cut around the bunny figure and the stand. Next, using a craft knife, cut along red lines along the top part of the feet. Little hands should not attempt cutting this part.

Step 3: Fold

Fold along all dotted lines.

Using double-sided tape, secure the back of the feet (c) to the underside of (b).

Step 4: Constructing the Stand

Taking the stand piece, make a circle so that the two ends meet. Tape or glue the ends together. Using double-sided tape (or glue), secure the two tabs to the center of (a).

Step 5: Glue

Using tacky glue, add a cotton ball for a tail to the back of the figure. This will give added stability.

Place a decorated egg inside the stand for proud display by the Easter Bunny.
